RUI & & RICKS, Proprietors.

TUF SDAY MORNING, JUNE 24, 1873.

THE WEEKLY CHRONICLE

Publishes in every issue, facts about the soil, climate, productions, price of lands, and advantages offered to immigrants in East Tennessee. These articles are intended to afford reliable information to strangers, and are prepared carefully and afford the cheapest and most reliable information obtainable. Specimen copies of the paper sent on application. For terms of subsc iption see fourth page.

THE LARGEST CIRCULATION Of Any Daily Published in East Tennessee.

FACTS ABOUT EAST TENNESSEE.

Monroe Congly. NO. CXII.

Having been written to by various parties from different sections of the North and West for correct and reliable information about Fast Tennessee, and especially the section where I reside, I will crave the medium of your valuable journal to jot down a few facts as regards this old and much-abused county. Why I say so, is that the mode of cultivation by the "bull tongue and one horse," and the planting of corn and sowing of wheat among the standing corn, has tended to produce poverty in the soil, as well as among the people, and to the shame of the operators, the county shows by the last census a less population by some 1,200 than she had in 1830-10 years. The constant drain upon as fine a soil as the sun shines on in the Island of Cuba has induced our people to move West and to Texas, where they expect the freshness of the soil and the mercy of a kind Providence will give them still a further respite from toil and labor. They will find even there that there is no excellence without great and unceasing labor. Monroe county has at this time a large breadth of land for sale, and at figures that will attract. It possesses a more varied geological formation tian any other county in the State, a large portion of the minerals-such as gold, iron, marble, lead, manganese, graphite, copper and baryta, will repay in the working for exportation, with some improved facilities of transportation, when the large variety of limes and feld-spar is made available as a fertilizer, to recuperate the soils that have been exhausted with the cultivation of corn.

The main ridge through the centre of the county from south to north, divides the waters running to the Gulf and the Tennessee river, with springs of great volume along its whole extent, the sources of some eight or nine large creeks flowing east into the Tennessee river, and each one capable of driving a large amount of machinery, with ample falls and a never-failing supply; and on the west some six prominent creeks, now dotted with mills and cotton gins, and only a small portion of their capacity in use. Besides the Tellico river, with its crystal waters, and affording a water power equal to all Lowell, and superior to any other river in Tennessee, owing to its easy control and never-failing supply, and affording navigation for all the productions of its mills and furnaces, as well as the products of its large extent of superior bottom lands, and which by its alsuperior by the lands are better by the lands are better by the lands are by most annual overflow is made rich with its deposits and gives back to it an annual increase over and above the exhaustion by cropping. The plateau upon the mountain, some eight miles in width, and some 25 miles in length, furnishes a varied geological character, and of great interest to the men of science, giving the various states from the conglomerate formation to the gneiss, including the mica, s'ate and serpentine formations, with large and prominent veins of gold-bearing quartz.

This section over and above all its untold value in mineral, is of exceeding great importance in the raising of fruits. For the most part this district, is level and covered with a most luxuriant growth of fox grapes, so that wagons can be loaded in the season. Apples, pears and peaches grow with almost a certainty every year. Potatoes produce more than three-fold-the elevation, being some fifteen hundred feet above the dew point or "thermal line." The water of this section is of the purest freestone, and presents a large field for the growing of wool and grass. Prominent among the iron development is a vein some 200 feet in width, running through the whole extent of the county and which has been pronounced by the most experienced geologists a pure vein of iron of the simonite variety, yielding fully 50 per cent. of iron. Now yielding fully 50 per cent. of iron. Now this vein extends to the Tellico river, and that stream and the Tennessee may be made available to transport it to Knoxville orother points. Not to trespass too much upon your kindness, I wish to say, as I set out to do, that Monroe county presents strong inducements to the seeker after the finest climate and lands the continent Cloths. posesses; that lands are held here at reasonable price; the owner is willing to take the value, and the lands will be found better watered than in any county in the State, making them well adapted to grasses, and the raising of sheep instead

The people of Monroe county are moral, and law-abiding, and it will be found that Connecticut. The people here do not drink beer that works on Sundays, but they drink "mountain dew," made with the shuck on, and sometimes without Uncle Sam's stamp thereon. I do say in all soberness, that I know of no county offering greater and better inducements to the emigrant from the rigid North and West, than Monroe county. I have traveled much and far, and I think that I am not mistaken.

Let the traveler pass up or down the Sweetwater Valley, along the railroad and he will see a fair specimen of the lands in the whole county, as those of Fork Creek. Bat Creek and Tellico Valley are equally

as good. The others may be more rolling, but possess the same mineral power of reas good. The others may be more rolling, but possess the same mineral power of recuperation.

The health and longevity of Monroe county and a portion of Western North Carolina is shown by the census. From the high table land in the centre of the county, the lands descend to the Gulf of Mexico, giving a prominence as to health, furnishing good air the county being free from fevers or chills, without

county, the lands descend to the Gulf of Mexico, giving a prominence as to health, furnishing good air the county being free from fevers or chills, without any disparagement to other counties.

Mr. Editor, all Monroe county asks is for the enterprising man or woman to come among us, with labor, brains or money, and they will find we have not over-stated the resources and climate of East Tennessee.

"The proof of the pudding is to eat it," The price and quality of the lands and other surroundings will determine the in-

THE Memphis Appeal is kind enough to give Knoxville a gratuitous advertisement in republishing the Banner's lie about the STRONG panic and prevalance of cholera in Knoxville. Will the Banner make known its authority for that cruel and entirely false report? It has done Knoxyille a vast deal of harm and it owes our people some better explanation than it has thus far given of why it was published.

Of the deaths in Nashville, the Appeal

The people of Nashville have surrenderthat ten thousand have left for other them, leaving those who remained behind to become the prey of an almost decimating disease; as we have said, aggravated by fear amounting to a panic. Yesterday the deaths there amounted to the terrible figure of 71, nearly one-fourth of one per cent. of the population of Nashville and Edgefield combined, setting that down at \$30,000, The same rate of mortality in New York would kill 2,400 in a single day, 1,200 in St. Louis, 720 in Cincinnati. 900 in Chicago, or 150 in Memphis. This is a fearful death rate to contemplate, but instead of scaring it should operate to warn people to prudence in diet, cleanliness of person and premises, and care to adopt preventives on the least symptoms of the disease.

Every drop of the SARSAPARILLIAN RESOLV-ENT communicates through the Blood, Sweat, Urine, and other fluids and juices of the system the vigor of life, for it repairs the wastes of the body with new and sound matial. Scrofula, Syphilis, Consumption, Glandular Disease, Ulcers in the Throat and Mouth: Tumors, Nodes in the Glands, and other parts of the system; Sore Eyes, Strumrous discharges from the Ears, and the worst forms of Skin Diseases; Eruptions, Fover Scres, Scald Head, Ring Worm, Salt Rheum, Erysipelas. Acne. Black Spots, Worms in the Flesh, Tumors, Cancers in the Womb, and all weakening and painful discharges; Night Sweats, and all weakening and pa them, leaving those who remained behind

people in his neighborhood who have been allowed to remain for upwards of 24 hours between death and interment, and he is satisfied that other colored people in the same and adjoining tenements have contracted the disease from the foul odor of these dead bodies. This is a matter that the sanitary committee would do well to

NEW ADVERTISEMENTS.

LOOKOUT MOUNTAIN

BEAUTY!! DAGS!

DR. RADWAY'S

Sarsaparillian Resolvent

HAS MADE THE MOST ASTOUNDING CURES

So quick, so rapid are the changes the body under-goes, under the influence of this truly wonderful Medicine, that Every Day an Increase in Flesh

and Weight is Seen and Felt. points, no doubt carrying the disease with THE GREAT BLOOD PURIFIER Every drop of the SARSAPARILLIAN RESOLV-

THE following, from the Union and American, would indicate a neglect approaching criminality:

A gentleman in the tenth ward informs us that he knows of some deaths of colored people in his neighborhood who have been the syksapakkillian will and does secure—a cure is gertain; for when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, and flesh and we ght increasing.

Not only does the Sarsaparillian Resolvent excel alknown remedial agents in the cure of Chronic, Scrotulous, Constitutional, Skin und Syphiloid diseases, but it is the only positive cure for

Kidney and Bladder Complaints Urinary and Womb Diseases, Grayel, Diabetes, Dropeyt Incontinence of Urine, Bright's disease, Albuminuria, and in cases where there are Brick dust deposits, on the water is thick, cloudy, mixed with substances like the white of an egg, or threads like white silk, or there is a morbid, dark, bilious appearance, and white Bondust deposits, and where there is a pricking, burning sensation, and pain in the small of the back and along the loins.

Tumor of Twelve Years' Growth Cured by

BEVERLY, MASS., July 18, 186...

DB. RADWAY—I have had Ovarian Tumor in the ovarias and howels. All the doctors said "there was no help for it." I tried everything that was recommended, but nothing helped me. I saw your Reso.vent, and thought I would try it, but had no faith in because I had suffered for twelve years. I took six bottles of the Resolvent, one box of Radways Pills and used two bottles of your Ready Relief; and there is not a sign of a Tumor to be seen or felt, and lived is not a sign of a Tumor to be seen or felt, and I icel better, smarter and happier than I have for twe... years. The worst Tumor was in the left side of the

AN IMPORTANT LETTER

from a prominent gentleman and resident of Cincinnati, Ohio, for the past forty years well known to the newspaper publishers throughout the United States:

New York, Oct. 11th, 1870.

Dr. Radway—Dear Sir: I am induced by a sense of duty to the suffering to make a brief statement of the working of your medicine on myself. For several years I had been affected with some trouble in the bladder and urinary organs, which some twelve months ago culminated in a teriby afflicting disease, which the physicians all said was a spasmodic stricture, in the urethra as also inflammation of the kidneys and bladder, and gave it as their opinion that my age—73 years—would prevent my over getting radically cyred. I had tried a number of physicians, and had taken a large quantity of medicine, both alopathic and homeopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some our months ago I read a notice in the Philadelphia Saturday Evening Post of a gare having been effected on a person who had long been suffering as I had been. I went right off and got some of each—your Sansaparillian Resolvent, Ready kelief a d Regul ting Pills—and companied taking them. In ree days I was greatly relieved, and now feel as well as ever.

C. W. JAMES, Cincinnati, Ohio,

Radway's Ready Relief

Cures the Worst Pains in from One to Twenty Minutes.

Not one hour after reading this advertisement need any one suffer with pain. RADWAY'S READY RELIEF

s a sure cure. It was the first and is the Only Pain Remedy that instantly stops the most excruciating pains.
